Specification

HEADREST

Cushion Headrest, adjustable for 5cm in height. Also available is a Hammock Headrest, constructed by stretching mesh fabric or leather over a springy polypropylene frame, is adjustable for 5cm in height, and for 40 degrees of tilt.

ARMRESTS

2-way armrest adjusts for 6cm in depth, and swivel into 3 angular positions. Also available is a 4-way armrest with additional adjustments for 6cm in height and 5cm in width.

Optional loop armrest which is moulded of resilient polypropylene to add some flexibility to the backrest for tilting motion.

BASE

Stiletto base design is exclusive to Fulkrum, and allows extra clearance for your feet movement. This standard base is moulded of glass-fibre filled nylon in black colour.

Optional base of die-cast aluminium in a highly-polished finish.

Hooded dual-wheel castors in black nylon.

Optional glides available in place of castors, for visitor or conference applications.

BACKREST

A breathable polyester mesh suspension allows improved ventilation and transpiration, to provide exceptional thermal comfort. Backframe is moulded of resilient black polypropylene.

LUMBAR SUPPORT PAD

Lumbar support can be conveniently adjusted by side knobs, without getting up from chair, to customize the exact support for various spinal shapes.

BACKBONE

Backbone of die-cast aluminium in a luxurious polished finish (premium finish) or a glossy silver epoxy powder coating (standard finish).

CHAIR MECHANISM

Synchro-Tilt chairs employ a synchronized mechanism with Tilt Tension Control, multi-position Tilt Lock, and pneumatic seat height control.

Advanced Swivel-Tilt chairs provide Tilt Tension Control, multi-position Tilt Lock, and pneumatic seat height control.

Option for memory-return swivel column with fixed seat height, to leave a tidy, uniform chair arrangement in the conference room.
